The Western Union number associated with the transaction was MTCN

Just to verify that number of the transaction I forwarded her and her friend the receipt from the transaction containing my home address and phone number. This concerns me greatly.

I became suspicious when "she" requested a second transaction for \$500 to another friend in another state. Name.....

When my real daughter answered phone and new nothing of this fictitious conversation I was having with her, I realized I'd been scammed. I kept the chat conversation lingering long enough to call the credit card company and cancel my credit card and report a fraudulent charge. I then called Western Union and made a report to them. Hopefully, Western Union's report that the money had not yet been collected is accurate. If so, my greatest risk now is the personal information they have from the receipt I forwarded. With the contact information for the two recipients that I have provided, I hope that the individuals perpetrating this fraud can be readily identified. I've kept a copy of the chat transaction as well as my receipt from Western Union.

Did you use a third party online payment service such as PayPal, BidPay, Escrow? No

Describe in your own words how you have been victimized.

This account has been reactivated but not by me. I do not use any email address except this one.

I stupidly allowed the recipient of this to log onto my pc remotely via teamviewer.com. They did something to my display to try and prevent me from seeing what they were doing. They told me I was due a refund of \$249.00. They used this to get me to give them my banking information. Then my pc screen went into a blinking mode and then they reloaded Google Chrome. And set up an email Account in my name. I received a call from western union with a confirmation number 3939. I was under the impression this was to assure my receiving the promised refund. I checked my bank account to discover they were charging me \$961.00 via western union. This is where the fraud began. Now I see that the charge has been reinstated, this is wrong. I emailed you to close this account after calling the number provided on the western union web page and was give this web address to file a complaint and cancel this account.

Now this morning I see the account has been reactivated. The payment was stopped by the operator, and the account was supposedly canceled by you. I am reporting this activity to IC3.gov. with all of this information.

Are there witnesses or other victims to this crime?

I am not sure. I down loaded a PC tool program which I promptly canceled. They called me back and promised a refund on canceled services and wanted to assure I removed their software. I allowed them access to my pc. They asked for my banking information to complete the refund. In lieu of refunding my account the setup a Google account and a Western Union account and used my pc to do this, and made a payment to themselves for \$961 dollars. I called western union to stop this and was assured that it was stopped. I also emailed the webcadre@westernunion.com. They assured me it was done. I checked my bank account this morning to fine the account was reactivated and the payment reinstated.

Describe in your own words how you have been victimized.

Friday, January 31,2014. I was on face book and got a message from my cousin who lives in entucky. It
was her picture and everything. I proceeded to talk with her and she asked if I had heard her good news. I
told her I had not. She said she had ust received \$100,000.00 from Workers Compensation Appeals
Board. She told me she had seen the list of people that had money and that my name was on the list. She
gave me the name of the person to contact, which was Mr. said I had to become his
friend to be able to talk to him, which I did. At this point I thought it was real only because I trusted my
cousin. He said I had money also and that UPS would deliver my cash or check within 12 hours. All I had
to do was wire \$1,000.00 via of Western Union to the following address:
LEXINGTON, TEXAS 78947. If I sent \$1,500.00 I could get \$150,000.00 on up. I called our local Credit
Union and asked if they had heard of any scam like this. They had not but suggested I call my cousin, book by
which I did, but was unable to get in touch with her. He asked for Name, address, age, sex, martial status,
phone, text#, e-mail, deaf or hearing, working or not, credit status, how I wanted the money, did I own or
rent, credit rating and monthly income. I will admit at this time I was very scared. I did provide the
information he asked for, like a dummy, but he never asked for SS#, credit card information or any
personal monetary information. He talked with me while I talked to my cousin on face book. I finally told
my cousin that I didn't think my husband was going to let me do it. He continued to talk to me and so
did my cousin. Then he said when I decided how I wanted to receive my money to get back with him. His
last response to me was about 4 hours after my initial conversation. I even got a text from someone saying
he was Felix the UPS man and gave me a number to call which is This was yesterday. I
have not received any more messages from him, but I left his face book information on my computer. I
called our local Fraud number 850-651-7674 but did not get a response until late in the afternoon. I had to
leave a message. I wrote down most of what I am telling you and gave it to our Okaloosa Co. Sheriff
Office. This information is supposed to be given to an investigator by the name of Ms with the
Okaloosa Co. Sheriff. I still have the information on my computer along with a picture that is
using.

Approx. 6pm 1/31/14 A male, speaking broken english claiming to be calling on behave of microsoft stated that they have had notice that my computer had errors and could crash and he was there to help me to correct them. He gave me various commands to allow himself to take control of my computer, which I followed. When he began asking for my personal information and a charge of \$1.44, I was now very suspicious. When I hesitated in giving out more information he became insistent that if I didn't complete the form my computer would lock up and I would not be able to use it and he demonstrated that he could do this. He assured me it would only cost a \$1.44 and my computer would be restored. There was a phone number given me to enable me to call him back. Called the number, a woman be both foreign accent as only to leave my name and phone number, I hung up.

Describe in your own words how you have been victimized.

At about 9:00AM Thursday, Jan. 30, 2014, we received a phone call from someone who sounded exactly like our 16-year-old grandson. He told us that he was in Mexico City and had been arrested because drugs were found in a cab he was in with a friend and two other people. The police searched the cab after they pulled the car over for a broken tail light.

He said that they had fingerprinted him and tested him for the presence of mari uana in his system and he was clean but he still had to go before a udge. There was a big backlog and it would take six to eight weeks to see the udge but for a payment the court appearance could be moved up to that day. He was then at the American Embassy and the embassy personnel were helping him to deal with the situation. He shen transferred the call to a Sgt. who gave us much of the same information as well as instructions seend money (approximately \$1500) by Western Union. He said the money would be refunded directly back to us after the court appearance.
He said to call him back at when we had sent the money and he would take to pick up the money, go with him to court and then take him to the airport. We sent the money by Western Union and called him back. Sgt. said we will hear from in about two hours.
The next morning at about 9:00, " " called again and said there had been a problem in court and more money was needed. He gave the phone to Sgt. who explained that because of the amount of mari uana (two and one-half pounds) the udge imposed a fine of another \$1500. If stayed out of trouble the fine would be refunded in six months.
We sent the additional money by Western Union and called Sgt to let him know we had done it. He said he would take care of it right away and we would hear from in about two hours.
When three hours had passed we became suspicious and decided to do some investigation. We Googled the phone number of "the American Embassy in Mexico City" and found that it was actually a Canadian number and two people had posted scam complaints on a related web site.

We then called his parents and found that he had never been to Mexico City.

Description of the Incident

Describe in your own words how you have been victimized.

On Thursday, January 30, 2014, I received a call telling me that a 3-year computer service contract I had purchased in the amount of \$499 was moving to India and the company was refunding the money since they would not be doing business in the United States. They told me that in order to get this money I would have to send them a Money Gram in the amount of \$315 since Bank of America would not permit them to write a check for an amount less than \$800.

I told them I did not feel right about the entire situation, and that I would ust take my \$499 loss. They kept talking for about 30 minutes. I finally told them I could do nothing that evening, but would think about it overnight. They said they would call me on Friday. I told them I could not talk with them until after noon.

When I got home from the hospital on Friday, January 31, at about 12:30 the phone was ringing and it was them. I told them I had decided to do nothing and to ust take my loss. They said I had already agreed to accept their offer. I told them to void the check and I was told it had already been sent. I told them to stop payment on it, and I was told they could not do that. I told them I ust did not feel right about the situation.

But. I should have followed my gut instinct. I sent a \$315 Money Gram to in India. My caller ID gave his number as a Skype caller
On Saturday, February 1, 2014, I received a call from who identified himself as a member of the Anti-Fraud Unit of the FBI, ID#768251. Phone # He repeated everything about the \$499 service contract, but did not know about the \$315 I had sent. He said that I had been victim of fraud, and the FBI was going to correct the matter. I said NO, everything he had said sounded ust like the previous. He kept repeating he was FBI and then sent copies of the ID cards of two other agents. ID#8961311.
This time the money order would be for \$1,289; I told them NO, I was not sending any money to anyone. He said I did not have to send any money, ust take a Security Deposit of \$489 to Western Union. I said NO, then he said a security deposit of \$200. Again I said NO. He kept telling me he was ust trying to help me. He even gave me a security number of to use when I took my security deposit to Western Union.
He became belligerent on the phone when I told him. I was not going to participate, that I would cut my

Description of the Incident

Describe in your own words how you have been victimized.

Received a phone all from an unsolicited individual on Friday January 31, 2014 in between 11am-1pm Pst.
I answered the phone and asked the women on the other line if they were my granddaughter. This person
said yes and told me that she was in trouble because she had been arrested for a DUI in Florida and had
been there for a wedding (she lives in Los Angeles) and asked if I could help her and she was only taking
NyQuil and that I needed to speak to her attorney. The attorney came on the line and said her name was
This woman said she needed money to pay bond or bail. She said the money had to be b6
paid through western union so she could get my granddaughter out of ail. She said to get cash, go to
Western union and send \$1400 through " money In the minute" which is an additional \$126,
totaling \$1526. I told her I didn't know of a western union location and she told me they are usually
located in Walmart or Rite Aid. She said please get it ASAP so my granddaughter could get out of ail and
then to call her back to know it was taken care of. She also said "your name is isn't
it." And I told her I haven't been in a long time. (That was the last name of my husband
who past away, not even my maiden name) She said I should also be happy because she isn't
charging me the \$700 she normally takes. Then I went to Bank of America, got money out in cash, went to
Rite Aid store 5456 located at 11321 National blvd. 90064. I spoke to someone via phone from the western
union and gave them the information, I received a receipt then went to the cashier, gave them the money.
Received a receipt with the tracking number which is going to Miami Beach, Fl. Then I called
while at Rite Aid on my cell phone. Her number was She said to call her back again
later and she will tell me if she received it or not. I called her back later and she said she got the money.
The next morning she called me back at about 8:30am Pst saying that she needed more money. I asked
her why and she said to pay the fine for the DUI. She said it would be \$1250. I asked her if I was going to
get my money back and she said as long as nothing comes up on the blood test. Then I went to Chase
Bank to get the money and to western union. I also had to pay for the "money in the minute"
transfer which was an additional \$111. The tracking Then I called her back about a half hour
later and told her I sent it and said ok. Then tonight (2/2/14) I called my granddaughter who said she
wasn't in Florida for a wedding and has not (ever) been arrested for a DUI. We called the police who
said this needed to be reported to the FBI

Description of the Incident Describe in your own words how you have been victimized. On January 7, 2014, a young man called wanting to talk to ": ". When my Dad answered (whose hard of hearing), the individual claimed he had been in an accident in Mexico City with some friends, charged with DWI, and needed money to get out of ail and to repair the car. Dad asked if this was and he said yes. He said he was very embarrassed and didn't want Dad calling me He said he needed \$3000, but he needed Dad to send it by Western Union in two transmissions because he would have to pay taxes on it if it was over \$1500. **b6** b7C Dad then went to the bank and withdrew \$3000 cash and drove to Brookshires #136 in Bowie, Texas to the Western Union office inside. Dad only kept one receipt (Receipt No. 7426579028). He can't locate the second one. The wire was sent to Mexico City, Distrito Federal, Mexico. He then sent the second \$1500 in the same manner. On January 8, 2014, this man called again saying he needed \$3000 more and Dad thought this didn't sound right. He and my Mom had been talking about this and wondering why wouldn't ust call me, his Dad. Dad told the caller he didn't sound much like He asked the caller what was #39;s dog's name and at that point the caller hung up. My Dad hasn't heard anything

since.

Description of the Incident

Describe in your own words how you have been victimized.

Initially, I tried to receive a grant to restore an historic home in West Mifflin PA. We searched online for grantors and applied for one. We do not recall the exact website since this occurred approximately 6 months ago. About one later, we received a phone call from an individual who said we had the grant. We declined since the house we were trying to save had been demolished a few days prior to this phone call. Another month passed, and we received another call from the same individual, asking if we still wanted the grant. We declined the grant again. This occurred another time after this.

Then a few days ago, the same individual called, again asking if we wanted the grant, he was told again that we had cancelled it because the house was demolished, but he persisted. He then said, " The grant money can be used for anything..buying a car, starting a business.. etc."

I umped at the opportunity, and the individual asked for credit card info in order to charge a \$3.00 postage and handling fee for the information. I then gave that information to him. I was told that was probably a mistake, so we waited several days to see if any activity occurred on my account. Three days later, we were informed by the credit union that at 5:30 AM Friday, January 31, 2014 a charge of 14.95 had been recorded. Apparently this was a "test hit"

Two days later, the same individual called again. I allowed a friend of mine to talk with him. The man, with
a heavy west Indian accent said his name was " quot; and is calling from Utah. He
asked, over and again, if I wanted this grant. My friend said yes in order to get more information from him. b7c
We got a return phone number from this fellow; The man then said we now have to go to
Western Union to place \$200 in a merchant account and give him that account's ID number, but also
added " NOT" to say anything to Western Union about the details of this or they might charge
more money. He also gave the last four digits of the grant check #4895 a check now valued at \$15,000.
I should add that the very first phone call, the grant was valued at \$150,000.
The man said that a "kquot; will be taking care of the rest of this transaction.
My friend told the man that we would call him in a few days to continue with this grant transaction.
I called the local police to report this after having spoken to the credit union, and then again yesterday,
Feb 2, 2014 to report the next to last phone call concerning the \$200 western union information. The local
police informed me that there is really nothing they could do at this point but I felt it necessary to report this
here. The man called again today, Feb 3, 2014, at which point my friend informed him that we will have to
call back tomorrow. Feb 4, 2014, ust to stall him for another day.

Description of the Incident

Describe in your own words how you have been victimized.

This is what is being attempted. I've seen this before under a different color: Hello.

This email is to inform you that your car has been approved and selected for our next set of adverts. Let it be known to you that we do not advertise any form of nudity nor adult contents, alcohol or smoking content, neither do we have anything to do with politics. The vinyl that will be placed on your car is purely consumer goods content. You are required to drive at least 17 miles per week.

The vinyl will be installed on your car by our specialist, who will be visiting your home. You will receive a check of \$2418.19 which will cover your salary for the first week, plus the fee charged by our specialist to install the vinyl on your car. You are to cash or deposit the check at your bank for 24 hours, deduct your one week salary of \$410 when cashed or clears, then wire balance to our specialist via money gram/western union wire transfer at any walmart or cvs store. As soon as our specialist receives the wire from you, she will contact you, informing you that he will be coming over to install the vinyl at your home(note: you will fix a favorable time and date to meet with him)also,the specialist will be bringing the contract form and agreement to you to sign.

A swift acknowledge of receipt of this email and your readiness to continue with this ob will be appreciated.

Regards.

Hello.

Thanks for your interest in our program.

This is how it works:

Here s the basic premise of the paid to drive concept: Vehicle Adverts LLc. seek people regular citizens, not professional drivers to go about their normal routine as they usually do, only with a big advert for Car Adverts. plastered on your car.

The ads are typically vinyl decals, also known as auto wraps, that almost seem to be painted on the vehicle, and which will cover any portion of your car s exterior surface.

What does the Company get out of this type of ad strategy? Lots of exposure and awareness. The auto wraps tend to be colorful and eye-catching and attract lots of attention. Plus, it is a form of advertising with a captive audience, meaning people who are stuck in traffic and can it avoid seeing the wrapped car alongside them.

This program will last for 3 months and the minimum period you can participate is 1 month

You will be compensated \$410(Four hundred and ten dollars per Week), which is essentially a rental payment for letting our Company use your car. We shall provide experts that would handle the advert placing on your car.

You will receive an upfront/first week payment of \$410(Four hundred and ten dollars per Week)for accepting to carry this advert on your car.
The following information below will be needed to process the amount of \$410 since you will be paid via the company check.

Description of the Incident
Describe in your own words how you have been victimized.
I advertised a sofa for sale on Craig's list for \$500. I received a text from the telephone number above stating that they wanted it and would send me a cashiers check. I received a USAA "Teller" check via FedEx for \$2450.00. The same day I received and e-mail from a telling me that the check was for more than the amount due for the sofa because he needed to pay his shipper to come pick up the sofa and he owed him money from other shipments. The e-mail stated he was out of the country so would I deduct my \$500 and the transfer fees and send the remainder via Western Union to his shipper, Gold River, CA. 95670. I went to my bank, cashed the check and sent the money to CA. Approx. 4 days later I received a note from my bank telling me the "Tellers" check was returned and they had deducted the \$2450 from my account. I called USAA Bank and they told me they did not have a record of this check. I have sent e-mails and texts to with no replies.

Description of the Incident
Describe in your own words how you have been victimized.
I responded to ad on Craigslist for Rental property (Home) CL# 4309962612 for property in ansas City for the address of ansas City. Mo for \$600 per month with a \$600 sec. dep. on Sunday 2/2/14. b6 The above named person answered my inquiry and although no actual conversation was initiated he told me about property on email (all emails available). After him telling me he lived in CA and was not around but he would like to have me fill out a application and we could work from their. I again filed out paperwork and emailed back and I then talked to my references to let me know if he contacted but this was never done and in less than 5hrs. he responded back (in email) that my app had been accepted. This throw up a red flag, so I did some digging on Property tax site and found that actually lived in Taxas and the world be actually ac
lived in Tennessee and thru other avenues called the number and spoke with #39;s Joseph passed away in 2004). I explained reason for calling and found out
that although home was up for rent it is listed with a company C Rent Source and he did not know this I continued to appear as though I did not know circumstance and in subsequent email the scammer asked for the \$1200 and he would send me keys, and other documents for house and it would be mine. I also ust received an email today (2-4-14) informing me that I would need to get a Western Union MG and send immediately so that they can send me the paperwork. I want to have this guy stopped and I need your help.
I need to know also that since correspondences lines are still open between us should I try and find out address where he wants me to send Money Gram or should I stop immediately?

again ALL correspondences are available.

I can be reached 24/7 @

>The day I withdrew the \$2400 something wasn't right. I was in the drive through & other cars were coming & going but I was waiting for a long time when he returned he asked for ID & it still took a long time. He returned & apologized & gave me the money. I asked him about wiring money & he told me they didn t wire money. I asked if he knew where I could, he didn t know but probably a western union place. I found out later that TD Bank does wire money.

> So much for customer service, I have been with TD Bank since 1996 & tanding since this incident.

Description of the Incident

Describe in your own words how you have been victimized. b6 has been the one who has been victimized. He has for the last few years been conversing with who he thinks are girls from Ghana and not part of a scam. He sends them money about every month which he cannot afford. I have since become a power of attorney of his bank account but not him. Those people have taken advantage of his gullible nature and have tried to get money from him with bad checks and money orders and the latest has been where he has given them permission to put in a check for \$2,000.00 from Sandridge energy into his savings acc'nt for deposit only during a Holiday weekend which started 1-21-14 and wanted him to send the money to (Uncle)which i think is a code name used for pickup from western union and in Ghana. As my responsibility as POA and his Father i made my own investigation as to the checks validity and i had to do the chase banks fraud Depts ob which would have taken months to find out if the check was any good. The people from Ghana has called me several times for the money as i told them has nothing to do with it now and to deal with me. As i said I made my own investigation and went strait to the horses mouth as they say and found from the Sandridge Energy Corp Treasurer who concurred that the check was no good. I had Eric from the Chase Fraud Dept call her and verify that the check was no good and the \$2,000.00 dollars to cover the check was with drawn from his accnt. I have given you all the information that i can remember and done all the leg work for you so now where do you go from here or do you do nothing. If I had not done my investigation my son would be out \$2,000.00 as the bank said even tho they ok'ed the check after 10 days my son would have to stand good for the money if it was founf to be a bogus check.

a man I was involved with, wanted to move his money to my account because he was supposedly in the Pacific Ocean on an oil rig. He supposedly is a marine engineer involved in the mining and exploration of oil and gas. His money was in Lloyds TSB in London which is supposedly selling off some of its branches. I have email explaining the urgency of moving his account and why he could not do so himself. authorized me to transfer the money to my account (from the U to TX). after starting the transfer, the last step asked for a COT code. I asked and then his banker what this was. Email from his banker explained how I was to send \$8,000 via Western Union to Dubai. This is when I suspected something was wrong and refused to proceed with the transfer. I refused to answer calls, texts, emails from or his banker for the rest of the dayuntil I could block them from email and change my phone number. ALso, when I opened the bank website, account numbers and his passcodes would not work so I suspected that the entire website from the banker \$#39;s email was fraudulent. I do not know if I am in danger

Description of the Incident

Describe in your own words how you have been victimized. The voice of my grandson was heard, asking for help. He was allegedly in Mexico and had been arrested while in a taxicab that was speeding. The police had found two bags of marihuana in the trunk. He^{b7c} had been tested at the US Embasy (a USMC sergeant was calling about it. Grandson had had been producing an Internet movie in college, that he had been called the Embassy for help.) trying to finance to sell. (That was factual.) He supposedly had gone to Mexico (He is 24) to try to finance it.-- The Embassy tested him and he was "clean", but had to go to court: \$1300 bond posted.SENT Then \$1000 attorney plus \$300 for " papers attesting he was found Not Guilty. SENT Then, " Not Guilty" but a Reprimand and Fine \$1300. SENT Expenses of Western Union... ---STUPID... but his voice seemed read and wife and I are 83. when one apparently stops thinking clearly when it comes to " children". SCAM took two days. " Sergeant" still waiting for a reply tomorrow morning, because he is asking for a " final" \$989 " plane ticket" - that finally woke me up.

Florida Attorney General states it does not have the resources to catch the crooks in Canada and Mexico.

I still can call back thenumber and tell them that I have not been able to get the money, or that I will be sending it and then supply them with a Tracking Number for Western Union (and maybe send \$1) or whatever your agent desires me to do, if you can pursue this case. It has been many years, but I have worked with the FBI before and do not mind doing it again. I would be glad to help get rid of some of these thieves that prey on many people that often end up losing everything	

I have tried getting through the Mexico police knowing full well their reputation for bribery and such, but it seems that people who go to a Western Union office in Mexico (where there must be many of them)

getting paid by using a false identification as complicated as the one being used was all deliveries went to: might possibly get arrested. (They probably have an inside	ь6 ь7с

IT IS MINOR, I SUPPOSE, BUT THERE IS A CHANCE THAT THE SWINDLERS CAN BE CAUGHT AND THEY SEEM TO OPERATE FROM THREE LOCATIONS SIMUILTANEOUSLY, SO IT IS NOT TOO SMALL A GRAB. PLEASE ADVISE IF I SHOULD DO ANYTHING MORE. Describe in your own words how you have been victimized. replied b6 I responded to an ad listed in Craigs List for a Enclosed Car Trailer. USAF Staff Sgt back to me via email with all the details of the trailer along with more pictures. She said she had a family emergency and needed to sell to medical bills for her sister. I asked her to call me directly and she said she was on a military base doing a special training and could not use the phone. She said the deal would be completed using an authorized third party Google Wallet. She said the money would be sent to a Google Wallet Attorney and will be kept safe until the buyer received and inspected the trailer. She said she would contact Google Wallet and they would contact me with the details of the deal. I received and email from Google Wallet with an invoice showing that half the dollar amount of the trailer would be need to be sent via Western Union to their agent that was assigned to receive and secure the money until I received the trailer. I followed their instructions on the invoice wired the money scanned a copy of the receipt over to them and waited to hear from them when the trailer would be shipping out to me. I got an email stating that I needed to send the other \$1,600 before they would release the shipping information to me and the trailer would be delivered. I guestioned that and told them that was not the deal that and I had. I was suppose to have 5 days to inspect the trailer before I sent the balance of the money. That's when the emails stated flowing and said the other \$1,600 was for insurance. I didn't buy that and told her if she could not live up the deal she had agreed to then I wanted my deposit money back. I have all the emails and the receipt of the Money Gram and who it was sent to that hopefully I can scan over to you for your review.

Describe in your own words how you have been victimized. I put a Canvas T Top for a 24' champion bay boat on Craigslist Baton Rouge on January 20th in which I received a buyers response soon after that from asking what the lowest price I would b6 take for it I responded 2000 dollars, he responded that he wanted it and would over night the funds. I did b7C not hear from him for that morning so I emailed him that I had another buyer please respond, he did with send me your mailing address and I will send payment as stated next, Thanks for the guick response, Just to let you know that am okay with the condition and price. I would have really love to come for the viewing but work frame wont make it possible but I am ready to make instant purchase. My mode of payment would be in Certified Bank Check via USPS or FedEx 1/2days delivery. I'Il arrange for a local pick up as soon as you get the check cashed and have your money in hand. indly get back to me with your the following details so I can make out payment asap. Let me know as soon as you receive payment, I then get a company looking check for 3980.80 which was way over the agreed price, he says ust keep your money and 60 dollars for your run around money and western union the remainder of the funds to my mover as my secretary messed up and sent you the moving money too. I notified him that I would do that as soon as the check cleared His bank and not before and the item would then be available for pick up. I then took the check to my bank which we both had our suspicions on the validity of the check, we agreed to allow a few days for the process to happen. I returned to my bank 3 days later and was informed it was stopped at his bank, not sure why and could not find out. I then called him at which is a google number, he finally called me back for the first time and I informed him that his check was not honored at his bank, he immediately hung up on me and no further conversations have taken place. I tried to email him ust to let him know we were very suspicious all along and he should be real proud of himself as a human being for trying to scam us, the following is information I have throughout the process: 1) Phone: 2) copy of check he mailed me, company name WESCO Receivables Corp 225 W Station Square Drive Suite 700 Pittsburg Pa. 15219, Bank name was PNC Bank Fifth and Wood Street Pittsburgh, PA 15265, check number 20791 date 1/28/14, 3) Priority Mail slip and envelope from WSP INC 7777 N 70TH AVE, Glendale Az 85303 with a usps tracking # 9470101699320005946463. 4) First mover information: Here is the Mover information to wire the funds to via Western Union: Receiver's Name: City: Topeka State: S Zip code: 66607 Second Mover Information after first mover was out of town on business: Receiver's Name: City: Washington State: DC Zip code: 20002 phone # I have all the emails from him and messages and believe it was all a scam. I hope something can be done with them so no one else gets taken really bad. we were not about to send funds until his check cleared his bank after several approvals from my bank and advise from family law enforcement people. Describe in your own words how you have been victimized.

I was on an online dating site OurTime.com and met a man the code name for him was or about the end of October beginning of November, 2013. Got off line and comunicated by phone & phone & amp; text and Yahoo IM. He said he lived in Texas that his wife, Charlotte and two daughters Sandy and Angela were all killed in a traffic accident caused by faulty tires. The accident occurred 6 years prior. He was left to take care of his only grandson from his oldest daughter. His name was Daniel. Supposdly he went to Boarding school in San Antonio, Texas. Over the course he went to Egypt to work and took grandson because he was crying to go with Grandpop. He and Daniel left for Egypt in November 2013 before Thanksgiving and were supposed to return November 29th and come to NJ to meet me at my house. Eventually problem in Egypt and needed money so he did not get locked up by Egypt customs for bringing in too much cash(\$600,000) into country with him. He never took anything but cash to do construction business. Said they took his money and his passport. Then needed an attorney in Egypt. So I sent \$18,000 by wire transfer from my money market acct. to attorney for help him. Daniel was in hotel room. Then went to court after that and needed money to tip the udge so he would verify he would not go to ail I wired another \$12,0000 from my money market acct also. Then he needed cash to live because the confiscated all his cash had no credit cards so I started sending cash by Western Union. So many times and I have all dates and documents to prove this. Alot of transactions. Then he needed money for fines from court. He of cash he brought into the country to not go to ail. I then sent another \$20,000 from money market and \$50,000 from my IRA equaling \$70,000. Then he said they would let him do the construction ob he came to do but he said he would need \$250,000 for all materials and tools and equipment to do this ob and then they would give him his passport and cash plus he sent me a Permit for work in Egypt on Dec. 9, 2013 to show he went to the government of Egypt for work permit to begin. He would be getting paid 2.4 million for the ob and when he completed he would get paid plus his \$6000,000 cash he went into the country with. However, he did not have any money to order everything and he said he borrowed from everyone he knew but he was short \$50,000 to complete and get out of there. I sent another \$50,000 on December 13th from my IRA by wire transfer and sent another \$2,0000 in Western Union. Then he said he needed cash to live while he was there and this whole time I was sending cash by Western Union to supposedly the Hotel Manager that was helping him and Daniel through all of this which I have all Western Unions and documents to verify. In the meantime. I mailed out by Post Office two Mac lap tops because his was not working properly and need a new one to complete work and a Rolex gold watch which I purchased both on credit cards. The laptops were \$2800 plus shipping and the Rolex watch was \$11,000 which I have receipts plus postage mailed Post Office for attorney to win him over so he would continue to help him in that country with finishing the construction ob and get passport to come home. then he was short \$25,000 to complete ob and pay workers and I had no more money so I took a loan in the amount of \$25,000 and wire transferred to him. He called me on Jan. 17th to tell me ob was complete and he would be coming home and they were celebrating the completion of the work. However, he had an appointment on Monday, Jan 20th to meet with government. Said he did not know why. But he text me and said they wanted him to pay \$180,000 tax on work completed from the Egyptian government by email that he needed to pay before getting passport and paid. I told him I had noting left. I also took cash off all my credit cards which left me broke. I told him I could not help any more but I would be there for him. He said he received \$50,000 from a friend and the the American Embassy, which he said he went to with the attorney, said he pay \$100,000 and they will take care of trying to getting him out of country. He neede \$50,000 more to go back to American Embassy for money and passport to leave country. I had no more and then he asked my to contact a gold company in Ghana and say I was his wife and collect money on his father \$\pi 39;s gold purchase years ago which is now worth millions. His father \$\pi 39;s name was and his mother's name was I said that was not legal and I would try. But then I told my family what I had done for the past 3 months with this man. I know bank was concerned because they had an investigator call me because the man that sent my wire was suspicious now with all the wire transfers. Investigator called and I told him everything was fine because I was too nervous now and was obsessed with getting the man and my money back and now was scarred and threatened. I also took out

Describe in your own words how you have been victimized.
Received a text message from a requesting my email address to place a Mary ay product order. This text I did not save, but have most of the other texts to refer to. I believe the message was January 22, 2014, may have been the 21st, at around 7:20 a.m. I had a second individual by the name of aren, who's text I saved indicates January 22, 2014 at 7:33 a.m. aren's gave her email address and requested that I contact her so that she could place a Mary ay product order. Both contacts stated that they received my cell number from a Mary ay connection. This was unusual because I do not advertise this business, and I do not have an active website for Mary ay. stated that she had gotten my number from a Mary ay magazine. I do not have a current catalog with my information circulating. I wondered about the area codes of both of these contacts, and how I could service someone our of my area. I gave my email by text and received her request by email. She stated that she was deaf and that her boss would send a certified check for the amount of the product. I believe that she asked what the price would be, I wondered if she knew the name of the product and claiming she had gotten my name and number from a Mary ay magazine, why didn't she know the price. She asked if the product had all natural ingredients. I answered that I did not think that product was totally natural, but that I
would check and get back to her, but that the botanical line was a natural product, and that I could send a
sample of the product that she was inquiring about to try before buying, since that set was \$199. I asked
question on skin type, etc. and had no response to those questions. Just that she wanted the Time Wise Volu-Firm Set. She responded to an email that she was taking care of her sister who was in the hospital
with cancer. She sent a message that the check had been sent and in the same email she states that her
boss had made the check out for all that was owed to her and would I deduct product amount and send the
rest of the amount back to her, could she trust me, if she could trust me, she would place more orders. The
amount of this check was never given to me, so I did not know what to expect. Most all of her contacts
were aggressive and demanding, both text and email. I did send a sample package to the address that she
had given me. She did not respond that she had received it. I received a certified check for \$1,970.40. The
check is from CU Service Centers, The Friendly Financial Network with an address of California Coast,
P.O. Box 503080, San Diego, CA 92150-2080, www.calcoastcu.org. Date on the check is 1/27/2014. Pay
to the order of The authorized signature looks like sester or sister. It was sent by USPS
Priority Mail Express dated Jan 31, 2014, received alamazoo Feb 3,2014. The envelope has an 8x10
copied shipping label with and address of Naples FL 34112-6818. It has a tracking bar code, number, my name and address. It was delivered February 3rd, by a postal carrier
needing a signature. I was giving a massage session to a friend at the time of the delivery and my
friend's husband signed for it, without the carrier asking who he was, until after he signed for it. When
questioned he gave an answer that he was ust a passer-by, but then said no that he was a friend of mine
and that his wife was getting a massage. I intend to report to the post office about this matter. When I was
available to text I sent a message that I had received the check, with the amount of the product
order, tax and total. I questioned how to ship it to her, since li had not placed the order and that I would be
shipping it after I received it. I didn't know how much the shipping would be, etc. At this point, I was
actually trusting that I was doing a good service, that I was going to send much needed money back to her,
along with her product order. But, she would not answer my questions, she sent a specific directive on how
to process this transaction. It was odd and unfamiliar to me. This indicated that I deposit into my account,
go to a store that sold Vanilla Reload Cards, she gave a listing of stores, with many other details. There
were indications before that I thought odd, but this was really strange and really suspicious. I called one of
my daughters, ust to ask if she had ever heard of such a thing. My daughter knew I was placing a Mary
ay order because I had sent her a text wondering if she needed anything. My daughter was sure that this
was a scam, and gave me some advice. I sent an email to respond to stating that Mary ay product
would be sent, deducting the amount of product tax and shipping. That I would send along with product a
cashiers check for the remaining balance. I did not receive a reply fromat that time, which was after
6 pm. Around 8 pm I was reading over the emails from both and aren, then noticed in my file that I had 1 unread spam. I opened that and it was an email from aren, with a similar statement of the check

was on the way for her order, that there was a mistake in the amount and that I would be receiving a cashiers check for \$1,970.00 and to let her know when this was received. The email had other directives including Western Union. I closed that immediately. I hesitate to open up and read any of these correspondence. I ran a computer spy scan. I have all the emails, but have not printed any at this time. I'm concerned about looking at them. yesterday I received many text messages from I only replied that I was working and would get back later. I was working not only on this, but had a full day of massage clients. I did not respond to any other text messages from vet. I have not completed my Mary ay

order. I intend to go to the post office, my credit union, and contact the sheriff's department. I am concerned that I gave my address. The email from aren had indicated that she would pick up her order on Feb 14. A couple of days ago, out of curiosity I look up the phone numbers and the address that I had. I live in Otsego, Michigan which is about 15 miles North of alamazoo. The Walker address in Morrice, Michigan is well past Lansing. The number for aren was an Oklahoma number. Early yesterday morning, while on my email I had a new email from aren but not about the Mary ay. I think it was totally a mistake that I received it. It was about a Rachelle who was in a car accident in Oklahoma. I closed that right away but I still have it. I had contacted my local team leader by email yesterday, but have not talked to her. I called Mary ay's consultant service yesterday morning. I was directed to the Legal Department, left a voice mail and had a voice mail returned to me with directions of how to report this matter. Needless to say this has been upsetting. But I am so thankful that I was suspicious of too many things, and that I did not go through with orders or depositing this check, etc. I will be available for any further questions or to take action against such scams and schemes.

Describe in your own words how you have been victimized. This is being filed by \$#39;s daughter. She is a recent widow and has trouble b6 with computer-related forms. I can be contacted at On January 30 at 7:08 p.m., my mother received a call purportedly from Microsoft telling her that they could fix any computer problems she had. The caller ID says that the call was from Unknown at After 3 hours, they requested a VISA number and said they would charge her \$110. Then they said the credit card did not go through so please go to Western Union. She refused and hung up at that point. The next day she learned her VISA was charged that plus another \$600, which VISA removed. Her computer screen since then was black, and she seemed to have nothing left. Meanwhile she gets calls at least daily from unknown numbers. She has not answered any but kept a list. (I checked out a couple and they were listed on Google as " spoofed. ") Last night, February 4. my daughter thought she could recover files on the computer, and she was able to get the computer to come on. While doing this work, another call came in at 9:41 p.m. The number showed as from My daughter answered and the man claimed to be of Windows Certified Tech Dept. He told her to call him back at and then she hung up. She wonders if this call means that the hackers are tracking activity on the computer. After speaking with someone in the Phila. FBI office this a.m., my mother is going to report the phone calls to her provider. Verizon.

On 2/20/22 around 11 am, however, a box appeared on the computer screen that read " Your account is suspended. Please contact tech support. Call 911." My mother did not immediately as she was going out with friends. In fact, she was surprised to see them waiting for her in the parking lot. They had not called to tell her they had arrived per usual. They told her they tried but received phone message that her " service has been temporarily suspended."	
Because she has had trouble with her Verizon bill, she assumed that the two things were connected and therefore called later that afternoon; she assumed 911 was to Verizon. When that number was answered, she asked if she had the right place and was told yes, and to press "0." At that time, she was asked for identifying identification - her Verizon pin number and last 4 of social. She then was told she owed \$337.09 - which was close to what she expected - and for her VISA number.	
After she hung up, she thought to call Verizon back - using their customer service number - to check on the amount again. The person there told her that Verizon had not suspended service, called, etc. and that she had been scammed.	t
On 2/21, after speaking with me, she has alerted the State Police. I fear her phone is rerouted that, when she might dial 911, she will not get service. She is currently waiting to hear back from Police. She is not using her computer.

------ 03/09/2014 15:50:17 -----

I wanted to write to say that my last (and first update) was solved and not any form of computer hacking activity. My mother had not paid her Verizon bill since she had not received a bill since my father's death. The activity on her computer and phone was Verizon's attempt to shut off her service. The problem was solved.

Describe in your own words how you have been victimized. b6 I live with the son and his family. From 1974 I have been working as the English teacher. I have the b7C personal computer at home which I use with my son. At the end of October, 2013 I was in the Skype program, the message from the unknown man who was presented as the country of accommodation is the USA Atlanta Georgia came and he asked for communication. It became interesting to me, where he could find me, but I decided to communicate to improve my English. I added him in the communication, and gave it the e-mail address. All correspondence was in English. Though at first he tried to write in Russian, but by words, it was clear that he doesn't know Russian. When appeared in contact, he was in the military uniform, what country I don't know. In what rank was I didn't understand. The photo was on a belt. By sight was more than 50 years old, he had hair of dark color with grey hair, wearing spectacles for sight, the straight nose, a pleasant smile. When I gave to the e-mail address, he sent me the two photos in civilian clothes and told about him. He wrote that he is the American of the Canadian origin that got divorced from wife 6 years ago, he has a daughter of 17 years who studies in college as the nurse. I wrote that he is 53 years old, date of birth 20.05.1960. Serves in Libya, is going to retire soon. About 10 days wrote me letters. In letters he made a declaration of love to me, wrote beautiful words. I asked him as he can make a declaration of love to me if he never saw me. He told that he liked my photo. During communication suggested to live together with him, said that after retirement he will arrive to me, and we will live together. In the beginnings of November 2013года me that he participated in any military operation, and they found the killed terrorists at whom they found told me that they wanted to give to the government, but there money (dollars) and family values. corruption and money again can return to the terrorists. And therefore they decided to divide them among themselves. He told that officers with whom he serves, sent the shares to wives, and he hasn't anybody to whom to send it. He doesn't have anybody except me. I at first I didn't want to communicate as understood that it is illegal. But he constantly asked me, said that will send with the diplomat, the representative of diplomatic consulate. said to me that after he will arrive, he will buy the house, and we will live together. In two-three days I decided to agree, and sent the data that he sent me a parcel. I wrote him the surname, a name, a middle name, passport data, the address, and number of the phone. But later I wrote that he didn't send me anything, but he wrote that already late and he sent everything. 11.11.2013г. there was the call on the phone from Ukraine from number arrived. The man talked with a foreign accent who told that he is accompanying luggage from mister that it isn't passed by customs that documents on the owner of luggaget and if they aren't present are necessary, it is necessary to pay money of 3 200 dollars. Also I was sent a SMS message in which specified the data and the country where to send. In SMS 3200 dollars to Ukraine through Western Union was specified. I wrote at once to that he sent the documents confirming accessory of freight to it. He told that he has no such documents, and that I would pay money. And that he will arrive and will pay off. I wrote that I have no such sum. On what wrote to me that I went to bank and took the credit and when it will return, will return money. 12.11.2013г. I went to Home Credit bank, and took the credit for the sum of 115 000 roubles. Then I went to the Ring of Ural bank and transferred money for the entered name. 12.11.2013г. at 15.57 me the SMS message that the money transfer is given out to the recipient came. After that wrote me letters, expressing gratitude for the translation. 16.11.2013 I was called again by the same man and told that 5 000 more dollars are necessary to pass customs of Ukraine. Then me the SMS message from the same 5000 Ukraine through Western Union were specified number where other data of already came. I again began to write that I have no such money, on what he answered me that I went to other bank. Very strongly I persuaded, and I said that all is necessary quicker. 16.11.2013г. I went to JSC I B Sovkombank bank and took a credit to the amount of 170 000 rubles and in the Ring of Ural bank sent to the name of 5000 dollars entered to me. This day in 13.54 to me the SMS message, that the translation is given out to the recipient came. 20.11.2013г. to me called from number the man with foreign accent talked who told that it is necessary to

A portion of my complaint #4644 on Scamguard Has been resolved with a full refund of \$499.99. I am n aware this should have been two different claims. Appwiz Solutions's has refunded the \$499 they charged and informed me the other party, is not associated with appwiz. The Western Union money \$399.99 which I sent to India was someone impersonating a former worker of Appwiz. I ha additional phone numbers which were on my caller ID from that person calling himself admitted it to me when I cried because I was going to loose 1100 pictures plus of my only daughter who passed away at 28 years old on June 10, 2011. Everything I had of her since she was small. I was very upset because after I sent the money and he told me he had received it he asked me to go back to computer and see if it worked. It didn't. I told him I was going to report him and he begged me not because he was from India going to school in California to be an engineer. He admitted he and other roommates were doing this. I had logged onto my computer and a number came up for me to call for technical help. I had an error in my computer.	ave He my

Description of the Incident

Describe in your own words how you have been victimized.	
I found an add on Craigslist for a 2004 John Deere Tractor for \$1,800. The tractor was found in the ansactive City Craigslist area. I texted to a phone number that was given that I was interested in the tractor. They texted back saying they were having cell phone problems and asked that I start emailing. I then asked for a number and address that I could come and look at the tractor and purchase. I have a trailer to haul it on and I asked for the dimensions of the tractor to make sure I could fit it on the trailer. She emailed back and said that her husband died 2 months ago and she moved to Pueblo, Co. with her daughter to stay with her sister. She sent me what looked like a contract from ebay motors. The contract looked official and she asked for a Western Union cash transfer of \$1,800 to an ebay Financial Center	b6 b7С
Agent named in Pueblo, Colorado 81007. When he received the	
money she would release the tractor and it would be delivered to me within 2 to 3 days. When I received	
the tractor I would have 7 days to verify everything was ok or she would pay for shipping back to her at no	
cost to me and would return my money. If it was ok and I approved that the tractor was	
ok thatwould send her the money.	
The more I thought about the deal the more I became suspicious. So this morning I tried to verify through	
ebay that the deal was ok, but they sent me emails with what would make a deal look bad. That is when I	
became sure that this deal was bad.	
I have not lost any money. I ust would like to pass on this information that may help to stop someone from	1
taking advantage of people that are trusting and may get scamed.	
I can't send the email of the contract that was sent to me because it won't send.	
I hope that this will assist in stoping someone from taking advantage of others.	
If you have any questions please let me know.	b6

Mr. had told me about a raid on a Taliban cave several days prior to this taking place and then about the Taliban storming the US embassy prior to it being announced on internet or news. Any
information he had given me I tried to verify it, like his friends in Central London, <u>yes they do exist</u> , yes the raid did take place several days after the raid it was announced on the news. Mr. had asked me
for money to go to Africa to go into business as his colonel had recommended, the cocoa bean exports. At this point I had started Western Union money to him. Apparently he has in his possession a US passport in

I said, anytime he would give me information, I would do my best to verify it. One time when the Western
Union debit my account wrong, I went to the Lufkin Police Department and filed a claim. The officer had his doubts about the people the western union was going to so he took down the names and said he would
call me when he ran them if he came up with anything. He never called. Over six months ago I sent letters to the FBI in Dallas, IRS, Department of Defense letting them know what had happened with a
and every name he had given me over the course of two years. I have never heard from any of them. Mr. told me that when they attached the cave in Afghanistan and the Taliban fled, they had
to search for all weapons and destroy them even if they were US guns. While searching the cave a large amount of money was found. When Mr. left the service, his colonel had him leave Africa, go to
India to wa <u>it on a large sum of money and place in a ba</u> nk there. Privates from Afghanistan brought the
money, Mr placed in on deposit for Col It had to remain on deposit for a certain length of time and when the bank ask the source of the funds, Col. said if was to purchase weapons but they
weren't needed. Mrsaid it was no longer safe in India so he moved to Indonesia to wait for the money to mature.
Last where a bout of Mr. he was at the Hotel Celik Palas Thermal Spa in Jakarta, Indonesia, address Cekirge Cad No:79 TR16070, Bursa,
still using the US passport. I have not heard from Mr. since June of last year when I refused to send additional funds. I was watching a talk show and it showed how to look up scammers on the internet.
I had previously tried to bring up his name and couldn't. But with the info from the talk show I was
about to find him. He has been scamming women for over 20 years according to the internet site. Please catch him. I know I will never see the lost funds, but he belongs behind bars. I have all the paperwork to
back up my claim plus an old computer I am saving if you should need it for pictures of him and files.

Computer fraud. They told me I had lots of errors and warning alerts on my computer, which I did. I thought I was working with the company (ProTech Services) which I had contracted to monitor my computer problems...I was not. Ok, these people said they were going to refund the \$900 that I paid them. However, they were not the company that I had contracted (ProTech Services). They put \$1200 in a Pay Pay account that they created and I was to wire them the difference of \$300. So I did that. When I returned to my home they called me and said that they made a mistake and put an additional \$1200 that I needed to wire back to them or someone would loose their ob. So, I went back to Western Union and wired them the \$1200. They created a paypal account for me and told me I could get the money out of there the nest day. I couldn't access that paypal account. That's when I started using my head, however it was too late. They had scammed me out of \$1500.

PLEASE NOTE: My previous Complaint. which is about a still ongoing process that began 02-03-14, was being Updated TWICE and both times, my incomplete submission was " Saved" without any intention of line for doing so. I had to file a new Complaint (THIS ONE) to complete my Updating. Number of the initial Complaint was: I1402041726155342.

Today, the attempts at further larceby were still going on by the swindlers who insist on calling my house to see if they can extract more money from me: On 02-05-14 (yesterday) they called my house 10 times, using two different numbers. Today, on the 4th day since the first scam worked for them (1 of 3) they called 6 times - the last one about 6:30PM.

(Other calls today: 12:50, 3 times between 1:30 and 1:50 while a long distance call was going through, and the fifth time at 2:13 PM EST.

Today, in the morning, there was a car parked on the other side of the street and a few yards off our front lawn, with a woman inside taking notes.

I was not there to get the license plate number. IMy wife says it seemed unobtrussive enough, but the people in the house across are out of town. There was no reason for anyone to have been there a half hour or so.

In any case, my wife is terrified...

Apparently, after getting close to \$4,000 on a story about our grandson being stuck in Mexico (following a short recording of his voice pleading for help), they were trying to get an additional \$989 for an alleged plane ticket from Mexico, that I had told them - after speaking to 7 different police organizations - that I had to borrow the money...

The iron seems hot, still (unbelievably) and in a few days it will be ice cold. They need apprehending.

The fact is that the crooks were able to cash three Western Union remittances in two days, by using false identifications in the name of:	
- which is a very unusual last name and quite a complicated one.	b6 b7C
The crooks propably have a mole-agent inside Western Union.	2,0
This seems a very amateurish operation I never would have thought they would have called 16 times after the initial 4-5 calls the first day, which were always answered and monies sent three different times - all of them quickly and sent "in Minutes" in Western Union's parlance.	
THAN YOU.	
We plan to change phone numbers next week and we are old and both have "destructive arthritis"after several operations, walk with cane and wife, with amovable walker It is hard to move as well - from our home of a dozen years - near hospital, etc. It is hard to play cop against these people but I sure(Iy) wish I still could.

b6 Describe in your own words how you have been victimized. b7C 1/31/14 i received an email from _stating my first Mystery Shopper assignment was sent via Fed Ex; when received I should contact him. As I was in Houston when I received this email, I notified him that I was in Houston and unless 1) he mailed a second Fed Ex to me or 2) my housekeeper was able to mail the FedEx to me, I would not receive it. As it happened, my housekeeper mailed the original envelope to me. Inside were instructions was a letter from and a check for \$2350 with instructions as follows: cash the check and send \$1950 to receiving agent Fort Wayne, IN 46804 via Western Union Money in Minutes; \$200 was to be my salary for the Secret Shopper Assignment and the remainder monies to be used for the fees required in sending the money order. At the end of the assignment I was to email back the: exact senders name; the Money Transfer Control Number, and the Exact Amount; Additionally I was to answer guideline questions regarding the Western Union services .how long it took to get the service; how professional was the attendant; the ambiance of the shop, et. al. Having done this, I received an email from stating that I would hear from his team if further services they would like. This morning I received a text message stating another FedEx envelope would be arriving at my son's home in Houston for another Mystery Shopper event. This time the check was for \$4750. \$2000 was to be sent to the same Ms and \$2000 to Ms claimed Ms. (later changed to Mrl called in sick) .my fee was to be \$400 for the services. I sent the first \$2 in the morning, but was not able to send the second \$2 because the Wal Mart did not have the individual forms required for the Money Gram claimed to be needed for comparison. After I was able to complete the second transaction in the afternoon at a second Wal-Mart, re: completion of the assignment, I was contacted by phone by the Wal-Mart/Money Gram Fraud Dept. stating they had numerous complaints of fraud for this service. They advised I cancel my transaction; I was given a reference number and advised to return to the store to collect my money. I was also advised to return to my bank to report this fraudulent activity (which I did immediately thereafter-unfortunately the check I cashed at the bank earlier in the morning had already been sent for collection and could not be stopped); I also contacted by home Bank of America in Warren, NJ, advising of my folly and this fraudulent activity and asked that my bank account be watched for inappropriate withdrawals. I called the FBI and was advised to contact this agency. I called the Houston PD and made a

On December 27, 2013, my e-mail contacts were sent an e-mail stating that I was in the Philippines needing money after misplacing my wallet. Description of the Incident

Describe in your own words how you have been victimized.

Received a plea from our real estate agent saying that she had been "mugged" while in the park of her hotel in Madrid, that she had lost all her cash and credit cards, that the hotel would not let her go until she had paid and that her plane was leaving in a couple of hours. I returned (her?)email saying that I sympathized, that she should get in touch with the American Embassy, or could get bailed out by her Broker. I received a followup email requesting money so she could get out of her hotel. The spelling, grammar and syntax of her message indicated that it was probably not she who corresponding. (They?) requested that I send 1650 Euro by Western Union and then send them the confirmation number. I noticed that they had her DRE# incorrect.

Description of the Incident Describe in your own words how you have been victimized. sent email asking me to be friends. She said she b6 On January 23, 2014, a woman by the name saw my profile in facebook. After responding to her request and exchanging emails. She told me she is a Syrian woman who is staying in Galang Refugee Camp in Indonesia. She told story about the syrian army, bombed and destroyed the Dar al-Shifa Hospital, where in her father Dr. ABU FAISAL who's also the director of said hospital, and her mother who is a Midwife are among the casualties. Her parents died after the bombing. She said she was able to come to Indonesia with help of an Indonesian woman. She is staying in Galang Refugee Camp and is seeking asylum. She said she is hel the only one alive, and only daughter and has no relatives. She write to me to ask me top her get out in that miserable camp, have freedom and have his father huge amount of money (\$4.7 million) deposited in Barclay's bank in London be transfered to my account. She appoint me as her trustee to be able to transfer the money to my account. She told me she will give me 20 , want my assurance if she can trust me. She said she want to live with me and to continue her education. After i get the money she wanted me to send her certain amount 10 for her to spent for the process of getting out of the camp and in order to be with me. Last February 02, 2014, I send her \$300.00 money order from Western Union near my area. I pity her and story that she said she haven \$\#39\$; teaten any food for 2 days, because the United Nation does not send money yet for food. That \$\pmu#39;s why i send her money. She told me, to imagine five people sharing a plate of food. My soft heart, prevail that \$\pmu #39:s why i did send money to her. I was stupid not to investigate more further about her. I was about to loose more money if not for that woman teller at Western Union in our area who stopped me from sending the \$1,955.00 as payment for that law firm who will processed the documents (power of attorney, affidavit of oath under my names plus other documents required by the bank (Barclay's Bank of London) in order to processed the transfer of her father account to my bank account here in California. I talked to 2 times over the telephone at the office of Rev. the person taking care of the camp, according to her. Talked about contacting the law firm. Notify her also that i send her the money \$300.00, in which she was very thankful. That night of February 2,2014 (Sunday) i called the law firm telephone land was able to talked to the lawver. Again he assured me they will prepared all those documents required by the bank as soon as they received my payment/fee of \$1,955.00 with instruction to send it thru Western Union and send it to his secretary. Then the morning of February 3,2014 which is Monday, i was about to send the fee required to Western Union here in our area, but good thing happened that i was assigned to the person (woman) who will help process my money order transaction, but who also has knowledge about this kind of scam. So, she stopped me from sending the money to the law firm, since she recognized this is the same scam that

After receiving the \$300.00 from Western Union, i no longer receive mail from her email address can no longer be found.

Description of the Incident
Describe in your own words how you have been victimized.
February 5 this man named Stan was calling about issues that were going on with my computer and said if I wanted fixed I had to pay \$440, but I told them I never paid that much so then he said \$350. The money transfer control number is 6227885058 and a picked it up. These people had control of my computer this is why I though they were real, but once they took the \$350 they tried to take \$200 more out my account but by then my granddaughter told me I had been scanned. This is her granddaughter another man called back today Friday February 7 telling me if western union called inquiring about this issue to ust hang up and to call him and let him know. My grandmother is old and this is crazy how these people are running a scam but keep calling her once they found out they couldn't get back into her account.

Description of the Incident

Describe in your own words how you have been victimized.

Feb. 4, 2014 received phone call approx. 10PM saying he was with Micro Soft and my computer has errors and a virus and he will help me get rid of it. He had me go on my computer and instructed me how to look at all of the errors. Then he had me to download a program called Team Watch 9 which gave him access to my computer so he could fix it. I was on the phone with him for over 3 hours and he said they were cleaning the computer. He said I would have to renew the micro soft support service and it would be \$5.00 and I could pay by debit card or credit card. I gave him my debit card number from my bank, my date of birth and last 4 of my SS#.

The next morning my wife ask me why my computer was on all night and I told her what had happened and she said oh no, I hope you didn't give them any information. She went to her computer and went to our checking account and found that they had placed a charge of \$110 and also there was a.04 & amp; a.14 deposit made to our account from Pay Pal for a Bank verification. My wife called Pay Pal & amp; b6 someone had opened a Pay Pal account Feb. 4 using my name with an email account

which I have never had, so we closed out that account. I had ust filed our income tax on my computer with the H&R Block program & had all that information on there with both of our SS#' on it, date of birth, etc. I have contacted Equa fax to place a fraud alert for both me & my wife. Also closed out bank account and opened a new one. We received a phone call today from one of our credit cards asking if we had tried to send \$965 by Western Union & \$300 plus, we said no and told them what had happened. We have also notified the SS office and they have placed a block on both of our accounts, so no one can go online and change anything. I felt like there should be a police report for this ust in case something else happens, so I called the Va. State Police and they are the ones that gave me this site to report this.

I BEGAN TO RESEARCH ONLINE REGARDING THE MEXICO CITY EMBASSY AND LEARNED THAT THE PHONE NUMBER LISTED IS NOT I THOUGHT MAYBE THE AGENT':S PHONE NUMBER WAS A CELL PHONE NUMBER, BUT THE 514 AREA CODE IS FROM MONTREAL, QUEBEC, CANADA. THE PHONE NUMBER THAT THIS SECOND CALL CAME FROM IS WHICH IS A CALIFORNIA AREA CODE AT 7:02 A.M. THE CALLER ID STATED THAT THIS PHONE NUMBER BELONGED TO A FEW HOURS LATER. I DROVE TO THE SAME WESTERN UNION I WENT TO AND INFORMED THEM OF WHAT HAPPENED. THEY CHEC ED AND FOUND THAT THE MONEY WAS ALREADY PIC ED UP AND THEY COMPLETED A FRAUD INCIDENT REPORT FOR ME. THEY TOLD ME TO CONTACT THE LOCAL POLICE DEPARTMENT. I CAME HOME AND CALLED THE MESA POLICE DEPARTMENT. While I was waiting at my computer monitor for the Best Buy Geek Squad agent to arrive at the Geek Squad online window for help to reestablish software from my recent computer crash. The telephone caller convinced me that my software was infected and could crash my computer. I unwitting allow him online access to the computer. He ran scan which showed a lot of errors. I asked him how do I know he is legit Microsoft representative and asked him if I could go to the Geek Squad. Received a phone call stating that our computer was going to crash. I was hesitant, however, continued to listen and they asked me to turn on the computer and I did. Then they remoted in and were on it approximately 4 hours. They said I needed to purchase lifetime software warranty. Which I did in the amount of \$350.00. The authorization if code given to me was 01550C. My daughter, told me this sounded like a scam. She then called the credit card company and the payment was processed under Windows umbrella and the phone number listed was Which was western union. The card was cancelled and we contacted western union and cancelled the accounts that were set up in both and my names. My daughter, and her fianc had ust filed their taxes from this computer. Therefore, not only was my information compromised, but theirs along with their 4 children,

Description of the Incident Describe in your own words how you have been victimized. I received a telephone call on my cell phone from a person who sounded ust like my grandson, who he said he was. We talked a while and he said that he had ben involved in an accident in Phoenix AZ. No one was hurt seriously and the driver of the other vehicle was from the Dominican Republic. The person the gave me the name and telephone number of the public defender who was handling the case. I called this number about 1:30 pmCST today and it is still in service. I talked to several times and the result was I sent some \$8,825 thru Western Union and MoneyGram or 5 occasions to a name in the Dominican Republic. The reason stated was that the victim in the other vehicle was from that country and had returned. All of the money was supposed to be returned by the insurance carrier of the other vehicle. Supposedly the vehicle was rented from Hertz and they had a blanket coverage that would reimburse the money to me. I have ust talked to my grandson and he is total unaware of any such activity. I have copies of all of the financial transactions. What can be done about this?
